by Land and Sea Today.

## ANOTHER JAPANESE VICTORY

Mikado's Soldiers May Be Being Led Into a Trap, But  
They Are Making Russia Pay for Leading  
Them Thus Far.

[Special by Scripps-McLae.]  
London, May 7.—Dispatches from Seoul this morning announce that a report has been received that after heavy fighting in which both sides lost heavily, Feng Wang Cheng has been captured and occupied by the Japanese. The battle is said to have taken place on Wednesday last and the losses on both sides are very large.

Is Complete  
Tokio, May 7.—Admiral Togo reports that he has succeeded in blocking up the entrance to Port Arthur for all crafts but small boats. He adds that the Japanese did not lose a single warship in the last attack on Port Arthur although the loss of life and fresh ships was very large.

Hear Explosions  
Chefoo, May 6.—Chinese coasting vessels report that a succession of tremendous explosions at the entrance of the harbor of Port Arthur have been heard. This is taken to mean that the Russians are attempting to clear the wreckage of the sunk Japanese fresh ships away. The Japanese squadron is watching the harbor so closely that the Russian fleet cannot slip out by any chance and attack the Japanese transports.

Russian Fleet  
Tokio, May 7.—Further reports of encounters between the Japanese and the Russians since the general engagement of Sunday last have been received. The latest of these describes a sharp engagement between a force of Japanese cavalry and Russian Cossacks. The Japanese were making a reconnaissance and met the Russian patrol on Tuesday last at Fang Shan Chong, twenty miles from Kiu Leng Chong, where the battle of Sunday last was fought. The Russians retreated and the Japanese pursued, following the Cossacks to the Ku Chien river, ten miles from the Russian position at Feng Huang Cheng. From this incident it is believed that the Russians are unable to rally eastward of Feng Huang Cheng and that they were completely broken up in the battle of Kiu Leng Chong last Sunday.

Kaiser May Intervene  
Berlin, May 7.—The impression is spreading here that the Kaiser is working up sentiment in Germany in favor of intervening in the far eastern war in favor of Russia. The reasons for this impression are to be looked for in the two public speeches which his majesty has made since his return from his Mediterranean cruise.

Japs Jubilant  
Tokio, May 7.—The official news that the Japanese have effected a landing back of Port Arthur and that the Liao Tung peninsula is now practically in the hands of the Mikado's men, following the confirmation of the report that the Russian fleet is bottled up and must either be destroyed or fall into the hands of Admiral Togo, has caused the greatest rejoicing here, in which officials and people share equally. The report not yet officially confirmed but generally

DENVER THEATRE  
WAS DESTROYEDWhole Interior Is Gutted by Flames,  
and Loss Is Fifty Thousand  
Dollars.

[Special by Scripps-McLae.]  
Denver, May 7.—The interior of the Curtis theatre and the equipment of a travelling company was destroyed by fire this morning. The loss is fifty thousand dollars.

MAYOR CROLIUS  
IS IN TROUBLEJoliet Mayor, Well Known Here, In-  
dicted of Conspiracy at  
Recent Election.

[Special by Scripps-McLae.]  
Joliet, Ill., May 7.—Mayor Crolius, who formerly lived in Janesville, and three members of his administration were indicted today of conspiracy. It is alleged that they intimidated republican voters at the recent election.

DYNAMITE USED  
BY SOME FANATICJesuit College in Barcelona Is Par-  
tially Destroyed by a Dyn-  
amite Shell.

[Special by Scripps-McLae.]  
Barcelona, May 7.—Dynamite was exploded on the roof of the Jesuit college here today. The roof was blown in and one person injured.

Planted Ivy Yesterday: At the courthouse yesterday Arbor day was observed by the young ladies in the various offices in the planting of ivy vines under the windows of all the "sanctuaries."

believed that the Russian army is in full retreat from Feng Wang Cheng, has added to the general joy. The war council is said to be thoroughly satisfied with the reports coming from the front. Every feature of the campaign has been carried out just as planned and there is no reason to believe there will be any hitch. A high Japanese army official said yesterday: "There has not been the slightest hitch yet, and there is no reason to believe there will be any. Our commanders in the field know the territory over which they are campaigning as well as they know the country between Tokyo and Kobe. Our intelligence department is as nearly perfect as it can be, and our generals know the disposition and numbers of the enemy very nearly, if not quite, as well as does the Russian command or himself. We are just as certain to win this war as anything under the sun is certain, and while we cannot hope to be always as successful as we have been, there will be few reverses to the Japanese arms to be recorded during this war. We have many advantages over the enemy and our leaders can be depended upon to utilize them all."

Explains Position  
St. Petersburg, May 7.—General Stoessel who is in command of Port Arthur has issued an order to the troops still remaining in the city in which he admits the precarious condition that exists. He calls attention to the advance movement of the Japanese across the Yalu and the retreat of the Russians. It announces the landing of the Japanese in force at Pletowo on May 5 and continues: "Our work is beginning. Naturally the enemy have destroyed all railway communication in the endeavor to drive the troops back to Port Arthur, besiege this fortress, Russia's bulwark in the far east. We must defend this place until aid comes."

Make Admission  
London, May 7.—A dispatch from St. Petersburg states official admission made that the Japanese have captured Feng Huang Cheng.

Another Repulse  
Vienna, May 7.—Word reached here today of another Russian repulse in Manchuria. A thousand Russians of the rear guard made a stand at Hsienchang on the Liao Yang road. The Japanese charged and after a brief fight the Russian spiked their guns and retreated. Four hundred and thirty-five Russians were captured.

Lack Cannon  
Vienna, May 7.—A private message from the war states the lack of ordnance is severely felt by the Russian forces at the front. The minister of war has ordered fifty batteries to be dispatched immediately from Polish garrisons.

Celebrate Victory  
Seoul, May 7.—The Japanese at Seoul today are celebrating the Japanese victory at Yalu on Sunday last. The celebration includes a luncheon at the old palace, followed by fireworks and speeches tonight.

SUPT. STOWELL OF  
INTERURBAN WEDSMarried in Roscoe Thursday Evening  
to Miss Maude McColl—  
Surprise to Friends.

Edward B. Stowell, superintendent of the Rockford, Beloit & Janesville Interurban, was married in Roscoe on Thursday evening to Miss Maude McColl of that place. The news was a surprise to most of the friends of the young couple. Dr. Young of Roscoe officiated at the ceremony. The bride is well known to the people of Roscoe and vicinity. She is a sister of Alex McColl, one of the proprietors and manager of the Roscoe creamery. Her father went to the Klondike several years ago, where he lost his life. The wedding was without display, and was attended only by those most nearly concerned. Mr. and Mrs. Stowell will make their home in Beloit. Mr. Stowell's promotion to the superintendency of the Interurban line came as a result of his prompt action and executive ability displayed during the March flood when Manager Clough, who was in Ohio at the time, summoned him to take entire charge of operations. In spite of his host of operations, in the department of the Interurban line was thrust upon him and his work since that time has fully justified the choice of the management.

PRESIDENT OF PERU REPORTED  
TO HAVE DIED SUDDENLYCable Dispatch from Peru to the State  
Department Announces  
the Fact.

[Special by Scripps-McLae.]  
Washington, May 7.—A cable dispatch to the state department today announces the death of Manuel Candamo, president of Peru. He was installed president on September 8, 1903.

THE TEXAS IS CHAMPION SHOT OF THE NAVY

CANNOT ENTER  
BURNING MINERescue Party Is Unable to Aid the  
Five Entombed Miners Near  
Shamokin.

[Special by Scripps-McLae.]  
Shamokin, Pa., May 7.—Another attempt was made this morning to enter the burning mine at Locust Gap by the rescue party, but it was unsuccessful. The smoke and mine gas is very thick and it is believed the five entombed miners are all dead.

MANILA BUSINESS  
HOUSE SUSPENDEDPacific Oriental and Trading Com-  
pany Closed Its Doors  
Today.

[Special by Scripps-McLae.]  
Manila, May 7.—The Pacific & Oriental Trading company, one of the largest business houses in Manila, has suspended. No cause is given. The company was an agent for the Studebaker Manufacturing company of South Bend, Indiana.

ELKS ARE PLANNING  
FOR CONVENTIONTo Be Held in Fond du Lac on the  
22nd, 23rd and 24th of  
June.

Plans are now under way for the annual state convention of B. P. O. Elks to be held in Fond du Lac on the 22d, 23d, and 24th of June. The completion of the palatial new clubhouse there, an edifice which has already excited the admiration of many chance visitors, marks an important event in the history of the Fond du Lac lodge. If the "long forms" carry out the project of entertaining visiting Elks from all parts of Wisconsin as they now intend to, the program for the three days' session will be one long to be remembered. The visiting Elks will probably number several hundred who will participate in a monster parade. "There will be business sessions at the new clubhouse and several features will be devised so that the visitors will not leave the city without first declaring their hosts and others to be "people of the right sort." A contract has been closed for the Potter & Rice Carnival Co., to show on the streets during the convention. The members of the Fond du Lac County Fair association will work with the Elks in preparing a form of entertainment. The carnival company is "better and bigger than ever before," and the announcement that the shows will be given there means an attraction of the best character. Many Janesville members of the order are making plans to attend the festivities. It is possible that a special car will be chartered.

Sheriff Corbit of Sauk county arrested Fred Belter, August Belter, and Benjamin Kaddant for alleged theft of several tons of flour from a freight car on the Milwaukee railway at Kilbourn.

The Rev. Emmanuel Gerhart, D. D., L. L. D., president of the theological seminary of the Reformed church of the United States at Lancaster, Pa., is dead. At one time he was engaged in the organization of Reformed churches in Wisconsin.

SOME THOUGHTS  
FOR ARBOR DAYEssays of John Burroughs on Value  
of Nature Love and Study  
Read Before High School.

Arbor day was appropriately observed by the Janesville schools yesterday. Vases of flowers were set out on the high school grounds and trees and window boxes were put in place at the grade schools. Portions of John Burroughs' essays on Nature were read to the high school students by Supt. Buell. The central theme of the writings was the broadening and beautifying influence on the human personality of a love and appreciation of Nature in all her various manifestations. In a sense true Nature lovers were born, not made. Some loved while others have only the desire to love. Nature appealed to men in different ways. Her greatness and grandeur we find mirrored by Scott and other great master writers, her lighter and more frivolous aspects more often by the occasional poets. The naturalist gives us her detailed analysis. Man may be a student of Nature by choice and love but necessity and fear compel the wild beast to know her changing moods.

GOLF DIRECTORS  
MET LAST NIGHTAnd Voted Appropriations for Sev-  
eral Improvements—Many  
Challenges Received.

Directors of the Shinnelssippi Golf club held a special meeting at J. P. Baker's drugstore last evening and voted to expend considerable money in improving the road leading to the clubhouse and to commence work immediately on a tennis court. A large number of challenges for games have been received. Some of those seeking contests are: the Windsor club of Chicago, Minneapolis, Racine, La Crosse, Oshkosh, Winona, and Rockford. Dr. John Whiffen, Miss Margie Barker, and R. E. Van Cleave were admitted to the club as active members.

## RAISE WAGES \$75,000 PER DAY

American Sheet and Tin Plate Com-  
pany Will Give Up Rebates.

Cleveland, O., May 7.—The convention of Amalgamated Iron, Steel and Tin Workers has received a letter from President Graham of the American Sheet and Tin-Plate company announcing that the 3 per cent rebate which the tin workers had been giving from their wages had been suspended and that in the future the wages would be increased to that extent. This will mean an increase in the wages of the tin workers of from \$60,000 to \$75,000 a day.

## DRIVES WIRE INTO HIS HEART

Slayer of Wife and Daughter Is Foiled  
In Attempt at Suicide.

La Crosse, Wis., May 7.—Determined never to spend his life in prison, Henry Morrison, murderer of his wife and daughter, attempted to commit suicide in the Richland Center jail by driving an electric light wire into his heart. He was severely burned by the current. He then attempted to drive the wire through his skull into his brain, but was thwarted by the sheriff.

FAIRBANKS VERY  
SPINXLIKE TODAYArrived in New York from Washing-  
ton, But Will Say Nothing  
Definite.

[Special by Scripps-McLae.]  
New York, May 7.—Senator Fairbanks is here today but refuses to talk on politics. He came from Washington last night with Senator Platt who intimated that Senator Fairbanks might be willing to accept the nomination for vice president. Fairbanks refused to make any statement.

FOUR WORKMEN  
KILLED BY TRAINThey Were Struck by an Engine  
While Walking on the Tracks  
This Morning.

[Special by Scripps-McLae.]  
Elyria, O., May 7.—Four unknown men, supposed to be workmen, were killed by a westbound passenger train at three o'clock this morning. The men were struck by the train while walking on the tracks.

WITH THE LOCAL  
TOBACCO DEALERSBill of Sale of the Greene Warehouse  
Records Old Transaction—Wells  
Finish Packing.

A bill of sale to J. L. and M. F. Greene to the Hoffman Leaf Tobacco Co. of all of the four story brick warehouse, tobacco office furniture, etc., has been filed with the city clerk. M. F. Greene dissolved partnership with the brothers some time ago and the transfer just placed on record was made out about a year ago. Mr. Hoffman has been associated with Mr. Greene for a number of years. The transfer will not affect the business of M. F. Greene in any respect and the business will be conducted as heretofore.

## FINISH PACKING

L. Well & Sons have finished their extensive packings of 1903 in Janesville, Orfordville, and Edgerton, Mr. and Mrs. Well leave for New York on Sunday, having spent the past few months in Wisconsin. They have spent a quiet honeymoon in Janesville. Mr. R. Hoffman spent part of the week in the city with M. F. Greene who has commenced the packing of the new crop for his account. Messrs. Hoffman and Greene have been associated in business for the past fourteen years.

WAREHOUSE AND FACTORY IS  
ENTIRELY DESTROYED BY FIREGerber Carriage Company Suffers a  
Severe Loss at Their Pitts-  
burg Factory.

[Special by Scripps-McLae.]  
Pittsburg, May 7.—The factory and warehouse of the Gerber Carriage Co. was partially destroyed by fire this morning. The loss is a hundred and thirty-five thousand dollars.

Chris Epstein of Portage, employed in the railroad yards at Tomah, was killed on Friday.

The city of Mondovi will let a contract for 3,000 feet of sewer, the beginning of the system there. Heavy rains extinguished the forest fires which have been raging throughout northern Wisconsin.

LONG SERVICE  
IN MINISTRYBishop Merrill of the Methodist Church, Asks  
To Be Allowed to Retire.

## FIFTY-NINE YEARS A PREACHER

Made a Wonderful Valedictory Address, Which Stirred  
His Hearers—Whole Congregation Pays  
Him Honors.

[Special by Scripps-McLae.]  
Los Angeles, Cal., May 7.—Bishop Stephen M. Merrill, whose official residence has been in Chicago for many years, formally announced to the general conference Friday morning his desire to be relieved from further service in the episcopacy.

Bishop Merrill's petition opened with the statement that he was in the seventy-ninth year of his life and the fifty-ninth of his ministry.

"If the general conference could be in session a year hence it would give me a chance to round out sixty years of service, but as it will not be in session then I must ask the conference to consider the matter of my retirement now."

Touches His Hearers.  
Bishop Merrill said he had pondered the matter long and that he had concluded to request that superannuated relation be granted to him to begin at the end of the session of the present general conference.

When the aged bishop finished reading the most interesting document, which described at length his early struggles in the ministry and his work of thirty-two years in the general superintendency, he was greeted with enthusiasm by the delegates and by the crowded galleries. The entire audience arose and gave the Chautauquan salute.

Upon motion of Dr. Buckley of New York, Bishop Merrill's request for retirement was referred to the committee on episcopacy, in which committee appropriate action in recognition of his services will be taken.

Outline of Bishop's Work.  
The condition of Bishop Merrill's health and his advanced age, are the chief reasons for this action on his part. His statement to the conference was characterized as the greatest valedictory of a great bishop. Bishop Merrill began his ministerial career in Ohio in 1845. He has served the church in responsible positions

pastor, presiding elder, editor and bishop. To him more than to any other man was due the success of the movement by which laymen were admitted to the general conference, and to him also was due, in large part, the perfecting of the constitution recently adopted as the fundamental law of the church. The conference heard the valedictory with deep emotion.

May Form New Districts.  
There was a lively debate on the subject of re-grouping the general conference districts. For purposes of representation on the denominational benevolent boards the 150 annual conferences are grouped into fourteen general conference districts, and from these districts are selected those who are supported by reason of special fitness to be able to speak for all the conferences in the district. The present grouping has been long felt to be inadequate, and interest centered in the method by which the grouping was to be remodeled. In spite of a determined effort to the contrary, the matter was referred to a committee on boundaries whose report when presented to the conference can neither be amended nor debated.

May Reduce Representation.  
It looks as if the conference were prepared to take action now reducing the ratio of representation. There is no chance for elections to take place until about the middle of the month. The committee on episcopacy has to decide first the efficiency of the present board of bishops, and also the question of the missionary episcopacy. As both questions are in debate the settlement of them will necessarily take time.

There is a growing feeling that it would be wise to discontinue the missionary episcopacy and substitute therefor the plan of general superintendency with assigned residence in foreign fields. Such a decision would involve a large addition to the episcopal board.

WISCONSIN MADE  
A BAD MISTAKESevered Athletic Relations with Be-  
loitt, the Best Friend They  
Had in the West.

There is hardly an "old grad" of either Beloit or Wisconsin that does not bemoan the action of the Wisconsin athletic board last night when they decided to sever all athletic relations with Beloit. For years Beloit and Wisconsin have been rivals for athletic supremacy and while of late years Wisconsin has come out ahead on track and football Beloit has always held its own in baseball. Contests between these two institutions of learning in the past have been more than interesting and this sudden offhishness of Wisconsin management is to be deplored. Beloit, however, can survive it and from present indications will be better off than in the past. On Tuesday they meet Notre Dame on the diamond with the famous Thill as umpire. At summer later date a game between the Janesville team and Beloit college team may be played in this city. The manager of the Beloit team was in the city this morning to try and make arrangements for this contest and thinks it would be an interesting game. On Saturday next the noted Chicago team plays at Beloit and this should be a good contest.

DESPERADOES HAVE  
A SHORT CAREERSix Prisoners Escape From Jail in  
Weish, West Virginia—Posses  
Captures Them.

[Special by Scripps-McLae.]  
North Fork, W. Va., May 7.—At Weish last night six prisoners led by Joe Grant, a desperado, assaulted jailer McDay and made their escape to the mountains. A posse followed and killed Grant and captured the rest of the men. McDay was seriously injured.

CAPT. MILES MUST BE MADE A  
BRIGADIER GENERAL IN FACT

Washington, May 7.—The president today appointed Captain Miles a brigadier general in the army. Miles is commandant of West Point. The senate refused to confirm his former appointment.

The Oshkosh Merchants' Excursion committee has decided to begin its steamboat excursions on Lake Winnebago next week, and they will be continued throughout the summer.

GOOD WEATHER IS  
A GREAT BENEFITBradstreet's Report Today Announces  
Good Progress in General  
Business.

Bradstreet's financial report, published in New York today says: Long expected good weather has at last materialized and has helped farmers and retail trade in seasonable goods. Crop preparations and planting has begun especially good progress. The present outlook being that, while the winter wheat crop will be short, the acreage in spring wheat, oats and corn will be increased. The iron trade is quieter, with prices distinctly weaker. On the other hand, rather less than the usual number of May day strikes have occurred, and this year so far makes a more favorable showing than did 1903. Railway earnings continue to show a falling off.

Failures are little more than the normal in number, but, swelled by suspensions of financial institutions and a few large manufacturers, liabilities are heavy for this season of the year.

The volume of fall business is limited as yet. In dry goods business is not up to expectations, and high prices are a bar to activity by manufacturers, who are talking of curtailment. Eastern shoe manufacturers are getting some orders, but no great activity is noted. Leather is quiet, while hides are firm. Vexatious labor troubles curtail activity in lumber and building materials at some centers.

The former dissolution of the lake ore association this week was an unsettling feature in the iron trade. Quotations for pig iron are easy in all markets, and sales are not very large, aside from the placing of contracts for castings for new railway construction work.

Wheat, including flour, exports for the week ending May 5 aggregated 1,192,712 bushels, against 1,010,850 last week, 3,201,680 this week last year, 3,302,240 in 1902 and 4,178,872 in 1901. From July 1, 1903, to date they aggregate 122,899,855 bushels, against 120,095,166 last season, 214,641,636 in 1902 and 1,583,531 in 1901. From July 1, 1903, to date they aggregate 49,476,021 bushels, against 55,546,669 last season, 21,161,107 in 1902 and 154,608,974 in 1901.

D. F. Yeck and R. F. Nash of Chicago, who have a contract with the state to remove the carp from the Wisconsin lakes, have arrived at Beaver Dam to begin work. They expect to get between twenty-five and fifty carloads from the lake there.

## TWO KINDS OF CHILDREN

Children that grow too fast  
and those that seem hardly  
to grow at all, both need  
Scott's Emulsion.

It gives that rich vital nourishment which is the secret of all healthy growth. It rounds out the long limbs, and helps children to grow without using up all their strength in growing.

Mothers ought to know more about the wonderful help which Scott's Emulsion would give their children.

We'll send you a sample free upon request.  
SCOTT & BOWNE, 400 Pearl Street, New York.

**Prof. W. H. Pickering**  
Professor William H. Pickering, of Harvard University, who has at last completed his monumental "Atlas of the Moon," published by Doubleday Page & Co. is not only an astronomer, but a mountain climber of note, having ascended over a hundred peaks, including El Misti, at an altitude of 19,400 feet, in Peru. He was director in charge of the party from Harvard university which made in Jannaina the most complete and valuable series of moon photographs ever secured. The publication of the Atlas, which has to do with everything from the origin of the lunar satellite to its present day Vegeta-  
tion and snow, was delayed for a year because of his preparation of the author made quite important discoveries which necessitated a rearrangement of material, but which made it even more valuable and important. Altogether, it fills a gap that has long existed in our popular scientific literature.

**Literary Note**  
The leading article in the May Atlantic is written by Charles Eliot Norton, who is one of the two surviving contributors to the first number of the magazine, issued forty-seven years ago. The Letters of John Ruskin, which Mr. Norton now prints with illuminating comment, are full of charm. They show the affectionate, enthusiastic side of Ruskin's nature in the happy years before his white stealthily turned to bitterness.

COUGH  
DON'T DELAY  
TAKE  
KEMP'S  
BALSAM  
THE BEST COUGH CURE

KEMP'S BALSAM  
THE BEST COUGH CURE

It Cures Colds, Coughs, Sore Throat, Croup, Influenza, Whooping Cough, Bronchitis and Asthma. A certain cure for Consumption in first stages and a sure relief in advanced stages. Use at once. You will see the excellent effect after taking the first dose. Sold by dealers everywhere. Large bottles 25 cents and 50 cents.

**SAFELY THROUGH  
MOTHERHOOD  
WITHOUT PAIN.**

What a wonderful message of hope and escape from suffering these words carry to that woman who is dreading the hour that shall proclaim her Motherhood. Perhaps for her it is the first time God has blessed her; with what awe and mystery and fear she contemplates the coming event which even now is casting its shadow before in the way of many painful discomforts! The hope held out in these words simply means that childbirth has been turned into an event of thanksgiving and joy, stripped of its agonies and dangers because of the learned skill of man.

**MOTHER'S  
FRIEND**

Is the name of the remedy which means so much to the expectant mother; she can apply it herself and feel an improvement at once which but foretells the pain and suffering which it saves when childbirth takes place. The testimony of Mothers who have used it successfully will convince you; their words of praise are found in our book, "Motherhood." Send for it.

# Galvanic Soap

## —Not the Woman— Does the Work

What do we mean by this? Simply that neither rubbing nor boiling is required when Galvanic Soap is used, and the clothes look better and last longer because not worn out on the wash board. The groceryman knows.

B. J. JOHNSON SOAP CO. MILWAUKEE, WIS.

## Women's Headaches

512 1-2 Congress Street.  
PORTLAND, MAINE, Oct. 17, 1902.

I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pain would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering agonies I usually did and soon became regular and without pain.

Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

Mrs. *Wilhelmina Snow*  
Treasurer, Portland Economic League.

Headaches are the danger signals of coming disease. Both men and women suffer headaches, but periodical headache falls only to the lot of women and is the warning sign of irregular menstruation and bearing down pains. Completely prostrated by nine months of suppressed menses, blinded by headaches and racked with pain Mrs. Snow was made a strong and healthy woman again. Remember with Wine of Cardui no case is hopeless because this great remedy cures permanently nineteen out of every twenty cases and never fails to benefit a case of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, try Wine of Cardui, and try it now. Remember that headaches mean female weakness. Secure a bottle of Wine of Cardui today. All druggists sell \$1.00 bottles of Wine of Cardui.

## WINE of CARDUI

## Coming Attractions.

CHARLES B. HANFORD

Street Lamp Needed.—If the chairman of the gas committee will take a stroll to the depot some dark night, he will be struck with the great need of a street lamp in that immediate vicinity. The gloom is profound; unbroken by a single glimmer of light; and the crossing of the railroad tracks under such circumstances, is anything but pleasant and unsafe. Let your light shine gentlemen.

Captain Dunbar R. Ransom.—At present in command of the 2nd brigade of horse artillery, Army of Potomac, relates and vouches for the following incident:

One of his soldiers in the raid of Gen. Kilpatrick received a ball that struck a Testament in his pocket and passed through it until it reached Timothy, where it stopped, and which it did not damage in the least. The verse is as follows: "Fight the good fight of faith, lay hold on eternal life, whereunto thou art called, and has professed a good profession before many witnesses."

\$4.85 to Appleton, Wis., and Return via the C. & M. & St. P. Ry. From Janesville May 13 and 14th for the interscholastic track and field meet. Return limit, May 16, 1904. Tickets good via Milwaukee. Ask the ticket agent for other information.

These days so rapid is the pace, The man of action win the race, And if the finish you would see, Go take some Rocky Mountain Tea. Smith Drug Co.

## ...Forty Years Ago...

Janesville Daily Gazette, May 7, 1864.—Strong Recommendation.—Mr. E. P. Doty has received a very strong recommendation of his washing machine, from a gentleman in New York, it will be read with interest in the advertising columns by those who propose in buying such an article.

The First Thunder Storm.—We were visited last evening with the first thunder storm of the season, heavy enough, and grand and imposing enough to suit the most ardent lover of the sublime. Water fell in capacious quantities—a refreshing offering to spring grass and growing grain.

Just In Time.—Mr. W. G. Wheelock, the enterprising crockery merchant on Main street, evidently has a premonition of the rain today, as yesterday he put an enormous pitcher on the top of his store. It is a sign appropriate to the times, as well as calling attention to his fine stock of crockery within.

A body builder, strength producer, checks and repairs wasted tissues. Invigorates the stomach, kidneys and liver. That's what Hollister's Rocky Mountain Tea does. 35 cents, tea or tablets. Smith Drug Co.

The road to beauty, like the way to a man's heart, is through his stomach. If your stomach's bad, you can't be handsome. Hollister's Rocky Mountain Tea cures all stomach troubles. 35 cents. Smith Drug Co.

## TRADE PROSPECTS ARE BETTER

### STRIKES ARE LOCAL AFFAIRS

Arbitration Is Likely to Be Recorted To in Most Instances, Thus Reducing the Chances of Disturbances in That Particular Field.

Chicago, May 7.—Dun's weekly review of Chicago trade says:

"Apprehension as to the course of business during the ensuing months does not appear reasonably warranted because of renewed labor unrest and disquieting crop reports. It is yet too early to determine to what extent agriculture may be adversely affected throughout the West, but at present it does not appear that the leading winter wheat sections have suffered much deterioration. The week has witnessed the outbreak of several strikes, yet these are confined to limited forces of men, and arbitration measures are expected to insure early adjustments. Against the unfavorable features there are to be considered several encouraging indications.

**Industrial Conditions.**  
"The volume of bank exchanges surpasses that of the corresponding week of both last year and 1902, very good evidence that debility is not characteristic of the industrial situation. Mercantile defaults disclose no tendency toward an increasing ratio, and, in addition to cheaper money than a year ago, there is added strength in leading products and distribution.

"The improvement which set in with the advent of seasonable weather has been well sustained. Retail trade reached the highest activity for the year thus far, and there was stronger demand in the jobbing branches on more liberal orders from the Northwest and the Southwest. In the manufacturing branches there is steady employment, with gain in output appearing in steel, machinery and woodworking lines.

"Quicker buying of pig iron has been offset to some extent by new commitments for rails and larger needs in structural forms and merchant iron.

**Lumber and Hides.**  
"Receipts of lumber, 27,433,000 feet, compare with 29,374,000 feet the previous week and 42,345,000 feet a year ago. With lake navigation now open, there will be more supply coming forward, and dealers expect easier conditions. Current sales reflect substantial requirements for both manufacturing and new building purposes. While strikes affect the building interests, it is notable that new building permits aggregate \$549,900 this week and exceed a year ago.

"Receipts of hides, 3,315,030 pounds, compare with 1,483,170 pounds for the corresponding week last year. The outside demand was good, and prices held firmly. Local shoe factories made good goods, but the general trade in footwear has widened satisfactorily, city retail trade being quite brisk.

**Shipments of Grain.**  
"Grain shipments, 1,794,172 bushels, are the best in the past few weeks, but are 40.03 per cent under those a year ago. Buying of breadstuffs has shown better within the last few days, and, while flour is weak, prices advanced in wheat 2 cents a bushel, oats five-eighths of a cent and corn one-half cent.

"Free selling resulted in declines for provisions, the shrinkage in pork being 30 cents a barrel, in lard 10 cents and in ribs 2 1/2 cents.

"Live stock receipts, 321,553 head, compare with 285,261 head for the previous week and 241,553 head a year ago. Choice cattle were in best demand and advanced 15 cents a hundredweight. Heavy sheep reacted from recent high figure and shrunk 35 cents, while hogs declined 7 1/2 cents.

"Failures in the Chicago district number twenty-one, against fourteen the previous week and twenty a year ago."

### TRAMP HERO AVOIDS REWARD

Saves Woman and Her Child From Drowning and Disappears.

Mishawaka, Ind., May 7.—A tramp, at the risk of his own life, saved Mrs. Victor Vilger and her little child from death, and then slipped away, without waiting for the thanks of the grateful family or a purse which was being raised for him. The child had fallen into a cistern and the mother leaped in after her offspring. The tramp, hanging head downward from the edge of the pit, hauled them to the ground.

## Wisdom in Family Life

The Mutual Life Insurance Company of New York is constantly demonstrating its ability and experience in advising business men concerning money matters in the home. For instance,

The late Archibald N. Waterhouse, of Philadelphia, who died suddenly last Friday, held policies amounting to \$9,000 in the Mutual Life Insurance Company of New York. The forms of insurance under which these policies were issued were so selected that his widow will receive at once \$500 in cash and an annual income of \$3,000 for twenty years, and if she is living at the end of that period she will receive \$60,000 in cash, making the total amount received under these policies \$123,000 on which the premiums paid by Mr. Waterhouse amounted to only \$27,492.20. (From the Philadelphia Record, Nov. 12, 1902.)

The merchant whose store is interesting to himself can make it interesting to others. The merchant whose store bores him will not make his ads, very spirited or alluring.

Showers and thunderstorms tonight and Sunday cooler.

## OUR SATURDAY NIGHT

Senator Dolliver, of Iowa, recently made the following statement: "Within twenty years every railroad magnate in America will be in his grave. Within twenty years every trust manager in the United States will either be on the retired list or in a sanitarium somewhere for nervous diseases, brought on by drawing his salary, and panic-stricken boards of directors will be scouring in every direction looking for men of training and energy and intellect to take up these great business responsibilities and go forward with the work of the modern world. If I could get the ear of the young men of the United States I would say to them that there was never a minute in the history of the human race when a man taken by himself stood for as much, and when a dollar taken by itself stood for as little as it does today."

The statement is so forceful and still so true, that it is worth considering. It is difficult for men who have never been loaded with large responsibilities, to realize the strain that tests every nerve, and tenses every muscle, not only for a day, but for month after month, until tired nature rebels, and the victim retires to make room for new life and unimpaired energy.

This class of men are dropping out from the ranks by the score, year by year, and their places are not readily filled. These men may know nothing about manual labor, and may be strangers to physical weariness, but they are the most tireless workers in the country.

They not only plan, but execute, and the double task calls on the brain for every ounce of strength possessed.

Many people have the notion that railway officials and managers of large industrial enterprises are millionaires, and that because they happen to be connected with corporations, that they must necessarily be corrupt.

This conception is very far from the truth. The capital invested in all great enterprises, is largely silent capital. The money is furnished as an investment by people who have confidence in the directors, and a large percentage of it comes from people who are totally incompetent to manage a business of ordinary volume.

The board of directors is composed of stock holders, but they are also investors, and while the company holds them responsible for success or failure, they are not the men who do the work.

They may outline the policy to be pursued, but the planning in detail, and the execution is placed in the hands of men who work for salary and who frequently do not own a dollar's worth of stock. They belong to the list of employees, and the incentive to work is not a prospective dividend.

While it is true that these men receive large salaries, it is also true that they came up through the ranks, and that they are so familiar with every department, and so competent to direct it, that they combine in a single brain the ability to grasp situations and direct to successful issue.

It is said of Marvin Hewitt, President of the Chicago & Northwestern railroad, that he is conversant with every station connected with the entire system. He has a mind large enough to grasp the situation in all its detail, and a brain active enough to keep the wheels profitably in motion.

When a corporation can secure the services of this kind of a man, salary is no consideration, and that is why railroad presidents outrank the President of the United States in compensation for services.

There are many departments in both the industrial and transportation world, as well as in the field of commerce, where no marked ability are sacrificing the best years of life to faithful and intelligent service, to faithful and intelligent service.

These men occupy the rank that is never crowded, and Senator Dolliver is right when he says that there was never a time when a man taken by himself stood for as much as he does today, and what he says of the dollar is equally true.

The dollar, considered by itself, is as helpless as any inert matter, and much more dangerous in the hands of a man who does not appreciate its value, it represents a few drinks, or some needless luxury, and it disappears like the morning dew. In possession of the miser, it is hurried from sight, accomplishing nothing, but unrest to the possessor. Leave to the average young man of 25 a legacy of \$50,000 and without the aid of a guardian he will have but little to show for it five years later.

Money in the abstract, is as helpless as an infant. It lacks ability to protect or defend itself, and when it falls by accident into the hands of men who lack the judgment to care for it, or the ability to invest it safely it frequently proves more of a curse than a blessing.

A drayman in a neighboring town had the misfortune some years ago, to draw a \$25,000 prize from the Louisiana Lottery. He built a \$14,000 home, and lived in style as a gentleman for two or three years, but he was back on the dray before the close of the decade, a disgruntled capitalist. The money had proved a curse to him.

What the country needs today is more men who possess the ability to handle money successfully. We have an abundance of money. The field for young men of this class is more inviting than at any previous period. It is not crowded, and it invites all classes of competition. A college training is not necessary, and while the college man is at some advantage in the semi-professions, like engineering and electricity, these are largely in the minority as compared with the broader field where men develop from boyhood in the school of practical experience.

The ability to handle men, and direct great enterprises, is both peculiar and rare, and yet it may be cultivated and developed.

It requires more than honesty. Many honest people go out of life, after years of struggle, as poor as when they entered the race.

The young man who goes to the front as a manager of men, and of other peoples money, owes his success, not to chance or favoritism, but to intelligent, persistent, untiring work, always keeping in mind the fact, that the interests of the employer are paramount to all other interests.

The young man who succeeds along these lines must be observing and resourceful. It is said of such men as Bryan and La Follette, that they would have made great captains of industry, had energies been turned in that direction. The statement is doubtless true, for they possess many qualifications essential to success in the business world.

The young men of today are on the threshold of the brightest century that the world has ever known. An age of rare possibilities and great opportunities. Well developed manhood is in active demand, and the front ranks are not crowded.

While money may be had for the asking, it is searching diligently for men who are competent to handle it. America can furnish the men if she will. What do the boys say about it?

Blind idolatry, and sublime ignorance, under the direction of an ambitious leader, wrecked the democratic party, and the same influences have played havoc with the republican party in Wisconsin, for the past four years.

Rock County may as well put a man in training for Congress. The Lake Shore representative seems to have forgotten all obligations judging by the actions of Racine county two years ago, and this year.

What Racine county needs is a little exercise with the empty dinner pail. The man who refuses to vote in the interests of his employer, is blind to his own interests.

Monroe secures the Congressional Convention, and on the 20th day of May the delegates will meet to name a successor to Hon. H. A. Cooper of Racine.

Conservative Republicanism, in the first district, ought to be proud of the influence of her Congressman.

The laboring men of Racine evidently expect the Governor to furnish them employment.

## PRESS COMMENT

Exchange: The average educated man gets a salary of \$1,000 per year. He works 40 years, making him a total of \$40,000 in a lifetime. The average day laborer gets \$1.50 per day, 300 days in the year or \$420 per year. In 40 years he earns \$22,000 or \$18,000 a lifetime. The difference between \$40,000 and \$18,000 or \$22,000 equals the value of an education. To acquire this earning capacity requires 12 years at school of 180 days each or a total of 2,160 days. Divide \$22,000, value of an education, by 2,160, number of days required in getting it, and we find that each day at school is worth a little more than \$10 to the pupil. Can parents afford to keep them out?

Oshkosh Northwestern: The plaint of ex-Governor Board is that the peo-

ple do not appreciate Gov. La Follette and the sacrifice he is making for their sakes. Such a spectacle makes the former governor feel very sad indeed, and especially as he seems to realize his own inability to convince them that "their commercial and political freedom are at stake." Oh, pshaw! Does the former governor, considering the experience of the past, honestly believe that everything will go to the demolition how-wows if Governor La Follette should be defeated?

Marion Advertiser: The point of fact is just this—every voter in this state is aware of La Follette's waning influence, and as he recedes down the tottering ladder of politics his staunch lieutenants will go down with him. The people of the state have got through with fanatical and populism, and visionary leadership.

Cincinnati Commercial Tribune: Judge Collier, of Pittsburg, has decided that a wife is not entitled to open her husband's pay envelope and take the wad therefrom. Without reference to Judge Parker's politics, if he would like to be vice president he can have it for the asking.

New York Telegram: Three noted Parisian dressmakers, here on their way to the St. Louis fair, pay rapturous tributes to American women. That's all right. Nearly all these same American women have paid some rapturous old prices for creations and such.

El Paso Herald: Prof. Higgs, Chicago university, says that this country has no antiquities or hoary ruins to inspire Americans with a feeling of veneration and respect for ages behind them. What's the matter with the cliff dwellings? Or with the democratic party?

Green Bay Gazette: Three game wardens appeared in Green Bay yesterday, presumably the advance guard of the main force which will be mobilized in this vicinity at the proper time to do what they can to keep Brown county in line for the third term movement.

Chicago News: It is said that some of the savage tribes at St. Louis are color blind and cannot see blue. Perhaps they could feel it if they knew of what the patent canned dog they are eating in place of the original is made.

Cincinnati Times-Star: The maharajah of Jeypore has promised to wear his \$4,000,000 worth of diamonds in broad daylight when he visits the St. Louis world's fair. About that time, no doubt, a great many beholders will be humming "Bedelia."

La Crosse Chronicle: With the growth of the theory that a dark horse will capture the democratic presidential nomination, Mr. Wall congratulates himself that politically, he is a decided brunette.

## ARE SUPPLYING BUILDING STONE

NEW ROCK COUNTY STONE COMPANY BEGIN OPERATIONS.

## SPRING BROOK NEW INDUSTRY

One Hundred and Twenty Blocks of the Material Is Turned Out Each Day.

Articles of incorporation were filed some time ago with the secretary of state at Madison, incorporating The Rock County Stone Company. The incorporators were, Frank U. Fisher, E. D. Roberts, and Peter J. Mount, the capital stock of the company is five thousand dollars. The company have erected a building suitable for the manufacture of the H. S. Palmer Building stone, opposite Duol's Brewery on South Main street and are now employing twelve men, with the prospect of putting on a night force within the next few days.

**Electric Plant Blocks**  
The work of turning out the blocks to be used in the construction of the Electric Light Co's new plant is well under way. One hundred and twenty blocks a day the average output of the factory for one machine. The company now have two machines in constant operation, and another one is to be installed today, making in all three machines, each turning out one hundred and twenty blocks every day in the week.

**Sugar Beet Contract**  
Today the Rock County Sugar Beet Company closed a contract with the company for 15,000 feet of coarsing stone to be used for foundation work at their new plant, also 2100 lineal feet of battered wall stone, 1-4 to 9 inches, and wider at the bottom than at the top giving greater strength to the building. This is all special work and must be completed by July 30.

The machines used are very solid, into which five parts of gravel and sand are mixed with one part of Portland cement and then tamped down in the machines, then the blocks are taken out of the mold and placed out in the open, next day they are placed on ends and watered so as to keep the cement in good condition, when they become dry they are as white as marble. The regular stone block weighs 150 pounds, and corner stones weigh 150 pounds, in casting these stones, 4 3-8 inch iron rods are placed in the regular stones, in windows and doors, one half inch rods are used. Each block is made with a water table of 3-4 of an inch doors one half inch and windows two inches. There are three different kinds of stones made, the Tool finish, the Scroll finish and rock finish, any of which makes very unique appearance. The company also have a new mould for cistern tops which will prove a great advantage to the stone now in use.

**Is Not a New Thing**  
The Palmer, Hollow-building stone is not a new invention, having been used with great success in all larger cities of the east for a number of years past. It is much easier to handle than large stone blocks and each block fits into one just ahead of it. The company also have several small contracts for coarsing stone which is used for foundation purposes.

## WAS SUMMONED BY DEATH THIS MORNING

Richard Ainley, Aged Seventy Four Years, Died at His Chatham Street Home.

Richard Ainley, aged seventy-four years, died at his home, No. 15 Chatham street, this afternoon at 8:45 o'clock. Deceased had been ill but a few days prior to his death. He was born in Yorkshire, England, November, 1830, and has resided in Janesville for a number of years past. His wife died some two months ago. Funeral services will be held Monday afternoon at two-thirty from the Trinity church, Rev. J. A. M. Ritchey conducting the services.

**Mrs. William Fanning**  
Funeral services over the remains of the late Mrs. William Fanning were held from St. Mary's church this morning at 9:30 o'clock, Rev. W. A. Goodell officiating. There was a large attendance of sympathizing friends and relatives of the deceased present at the last sad rites. The interment was at Mt. Olivet cemetery.

The pallbearers were John, Edwin, William, James, Michael and Patrick Fanning, sons of the deceased.

## OFFICERS ELECTED BY ALUMNI ASSOC.

Of Janesville High School at Meeting Last Evening—W. H. Dougherty President.

Janesville high school alumni at their meeting last evening elected W. H. Dougherty as president, Mrs. A. C. Campbell at vice-president, Miss Kathryn Fenton as secretary, and S. C. Burnham as treasurer of the association for the coming year. Plans will be perfected for the reception of the class of 1901.

A. F. Hall returned from Michigan yesterday, coming across the lake via Milwaukee.

Gift Edge Teeth

All next week, Tallman block, Dr. Burrows.

**AUTOMOBILE PARTY HAD THRILLING TRIP**

And Returned to Janesville Without Their Machine in Time for Breakfast This Morning.

Out at Indian Ford sometime before the cold grey dawn was breaking in the east this morning five men who on the previous afternoon had started out right merrily in an automobile to violate the speed ordinance within Ft. Atkinson, shivered and huddled together in the rain and said unpleasant things about the speed of Janesville livery horses. And when they had exhausted their ingenuity in devising a story that would melt the frosty welcome which they well knew awaited them at home—some time in the neighborhood of 3 a. m. if the livery rig ever came—they then and there took a solemn oath never to reveal any of the particulars of a most eventful tour. It was mid afternoon of Friday when the second and final breakdown occurred while the party was ascending a steep grade in the vicinity of Indian Ford. The machine in which they were riding, without any warning, gave a few snorts of impotent rage and ceased to go forward. Then, as the wheels began to revolve backward and the car, unaided of the "diller" started on its sky-rocket course towards the smiling valley far below—but here we mercifully draw the curtain! No one was seriously injured and after the tourists had regained solid earth again and had tinkered with the machine for some hours a courier was sent to telephone for Charlie Randall. He is out there today repairing the automobile. Those who returned by horse power in time for breakfast this morning were: George Parker, Alderman A. E. Matheson, George Kimball, Judge Fifield, and I. S. Wortendyke.

**HELPED TO BUILD UP ASHLAND Y. M. C. A.**  
Lynn H. Fox, Formerly of This City, Is Now Located in Ashland.

Lynn H. Fox, son of Dr. G. H. Fox of this city, is visiting parents and friends for a few days en route for the international convention of the Young Men's Christian association at Buffalo, next week. Mr. Fox is now general secretary of the Y. M. C. A. at Ashland, Wis., where they have just completed a fine building for the young men of that city. Through the faithful and persistent efforts of Mr. Fox this building was made feasible.

**\$2 for \$1.35**  
Our \$2 oxfords go at \$1.35 tonight. An after supper special. Lowell's shoe Dept.

**After Supper Special**  
\$2 oxfords at \$1.35 tonight, Lowell's shoe Dept.

**King's Daughters Entertain:** Tuesday evening next the Local Band of the King's Daughters of the Congregational church will entertain the Mary Porter band, the young ladies' missionary society of the First Congregational church of Bolot. The guests will arrive on the 5 p. m. interurban and after tea a program will be rendered by the members of each society under the leadership of Miss Jeffries.

## SOCIETY.

Spring house cleaning, paperhangers and rummage sales have kept down the society events of the past week to almost Lenten severity. Pleasant afternoons have attracted many to the Snanissippi Halls and several picnics with the late drives back to the city have followed. Several small parties have also spent the entire day at the links but the general exodus in this direction has not yet begun. The rain today has caused several informal picnics to be postponed until the weather is more settled. One lady explains the lack of dances to the fact that so many families have moved this spring that they are not yet settled and parties are out of the question.

Mrs. L. C. Brode, formerly Miss Echlin, and son of Los Angeles, California, is visiting her father. Several luncheons have been given in her honor. Mrs. William Ringer, Jr., entertaining for her on Thursday last.

On the twenty-fifth of this month Mrs. George Barker and her daughter, Miss Mary Barker, will sail from New York for Europe where they will spend some months in travel. They will be joined on the way east by a party of Minneapolis ladies, who will sail on the same vessel with them.

Mr. and Mrs. Albert Tallmire left on Thursday for California where they will spend the month of May. During their trip they will visit Mr. Tallmire's mother, who resides in San Diego.

During the past week Mrs. Thomas King, who is making her home in Ravenswood, spent several days in the city the guest of her son, Mr. H. R. King.

Miss Helen Nash who is visiting her sister in Chicago, is expected home this coming week.

Mrs. George Barker, Jr., is here on a tour. She now lives in North Dakota, where her husband is in charge of one of the large grain elevators.

Mrs. James Walker, who has been visiting relatives in the city for some time past, is in Chicago for a two weeks' visit with relatives.

Invitations have been issued for an afternoon party on Thursday next by Mrs. Charles Stevens.

Mrs. C. S. Jackson is this afternoon entertaining the Ladies' Afternoon Whist club.

Twelve of her young friends assisted Miss Hattie Jones in the celebration of her thirteenth birthday at her home on Racine street yesterday afternoon. Games were played and dainty refreshments served. Those present were: Eugene Jeffries, Grace Jeffries, Norma Ryan, Marion Wolfick, Hattie Tappan, Edith Tappan, Ethel Roberts, Hattie Jones, Bradley Conrad, Kenneth Parker, Edith Echlin, John Shawhan, Russell Parker.

**Baseball Tomorrow**  
Clinton Maroons vs. Freeport at Freeport tomorrow. Anyone wanting to go can get tickets at Herman Kath's. Roy Palmer will pitch the game for the Maroons. Fred Hinkley and Hublin will also play with the Maroons.

## THE WEATHER

Temperature last 24 hours taken from U. S. registered thermometer at Helmstreet's drugstore: highest, 68; above; lowest, 60; above; ther, at 7 a. m., 62; at 3 p. m., 68; wind, south; rain and showers.

**WILL HOLD OUT**  
We think that all believers in our bread will get extra satisfaction today—not that it is better than usual, but we have more of it, that's all. Our other baking goods will have to go as far as they will.

Strawberries are the pretty ones today in qt. baskets at 20c. Asparagus, home-grown, is unusually nice this spring, 10c bun.

Market is full of home-grown lettuce, radishes, onions and rhubarb at low prices.

New cabbage is a good dinner dish and much cheaper now at 5, 10 to 15c each. We have the corn beef to go with it, too, of our own cure, at 5, 8 and 10c lb.

Think of buying veal steaks from 6 to 8c lb. today. Did you ever hear of such things as this before?

Bolling beef, 4, 6, 8 and 10c. Rib roasts beef, 10c lb. Jefferson bacon, 12 1/2c lb. Absolutely pure rendered leaf lard, 10-lb. pails, \$1; 5-lb. 50c. Looks like a meat trust in Janesville, doesn't it? GRUBB PRODUCE CO.

## ATHLETIC MEET COMES ON MONDAY

Interesting Program Will Be Given by the Members of the Association.

The annual gymnasium exhibition, to be held at the Y. M. C. building Monday night, is an event that every citizen can well afford to patronize. The physical education to our community through this department of the Y. M. C. A. is of greater value than is realized in reports. The systematic work of the association gymnasium will be practically demonstrated on this occasion. All phases of the work will be presented. Advanced gymnastics, including the most difficult movements regarding the best of training, muscular control and good judgment will be shown. You can see just as good work in physical training as can be seen in Milwaukee, Chicago and our larger cities. It is, therefore, important that our citizens should know the time, effort and strength of some of our young men which is being developed in the right direction. About fifty of our young men and boys will participate and the work will be scientific with the boys and young men alike. Our local association has labored faithfully to maintain and develop an association where men of all classes, regardless of creed, nationality or belief, can meet on a common level with the best influences and equipment for the pleasure and profit of the all around man, in the development of a larger and broader life. All citizens are urged to patronize this event Monday night.

## ANONYMOUS NOTES TO HEALTH OFFICER

Will Not Be Heeded in the Future, Says Dr. Merrill—What About Garbage Ordinance?

Health Commissioner W. D. Merrill respectfully requests that parties making complaints of the untidiness of neighbors would affix their real names to the information filed. He is receiving a mass of literature signed "Cleanliness," "Vox Populi," "Neighbor," "Observer," and "Antiseptic," and has decided to pay no attention in the future to these anonymous notes. The council at its last meeting took steps to make the necessary appropriations for the enforcement of the garbage ordinance. The city is badly in need of team service to carry away the rubbish that has accumulated and the cleaning up work will be partially blocked until something is done about the matter.

## HARRY PHILLIPS FINED FOR ASSAULT

On Person of Jim Monahan Last Week Friday Evening—Pleaded Guilty in Court.

Harry Phillips pleaded guilty to the charge of assault and battery preferred by Jim Monahan in municipal court this morning and was fined \$3 and costs by the court. The altercation occurred last week Friday evening on Milwaukee street. The fight arose out of some slanderous reports the plaintiff was alleged to have circulated.

**Annual Meeting:** The 36th annual Sunday school convention will be held at Luna Center Saturday and Sunday, May 29th and 30th.

**Business Meeting:** The Epworth League of Central M. E. church will hold a business meeting Monday night at 7:30.

**Sunday Meeting:** Lynn H. Fox, one of our Janesville young men, now general secretary at Ashland, Wis., will lead the men's meeting at the Y. M. C. A. building tomorrow at 3 p. m. All men are urged to attend. Special music; male quartette.

**Attended Teachers' Convention:** Those who attended the teachers' convention in Edgerton today from this city were: Supt. H. C. Buell, Misses Harriet Rogers, Minnie Joyce, Lizzie Willis and Margaret Joyce.

**About Good Coffee**

We once more remind you that while there are many kinds and many prices there is but one **"LOWELL'S LUCKY BLEND."** At the price, it is head and shoulders above all others in drinking quality. We charge you but 25 cents per pound, but the satisfaction and enjoyment there is in the strength, flavor, and aroma of "Lucy Blend" makes it the equal of what others charge 35 to 50 cents for.

## THE CHICAGO MARKET REPORT

Interesting Gossip from the Closing Reports of the Windy City's Mart.

Wheat.—There was very little feature in the wheat market today, trade light and scattered and no buying or selling of importance. Some strength was displayed early in No. west and on the effects of bullish crop reports received yesterday and some additional ones today. Market closed steady but near low price. There was a little better demand for September wheat and it went into good hands. European situation is bearish but the trade here takes very little interest in foreign countries. Cables are indifferent to our advances but as a general thing the tone of foreign market is steady.

Corn.—Corn market was inactive moving within narrow range and prices at close show very little change from yesterday. Market acted heavy at one time in sympathy with wheat, but local bulls boosted prices up again buying fair quantity of July, and selling some. Scalpers put out majority of corn sold. There was too much rain in west for farm work. Receipts are small and grade not so good as has been. Cables were about unchanged. Some little improvement noted in cash demand.

Oats.—Local buyers were moderate scalpers of July oats and owing to weakness of demand this delivery shows a small decline while others are about steady. There was only a small interest at work in the market some early selling in July credited to Patton. Situation in oats is unchanged, some of the large interests are on the bull side taking offerings but not buying for much. Crop advice are conflicting. Cash demand small.

Provisions.—Outsiders bought provisions at opening and caused firmness but on the small advances there was selling by local operators and no support which resulted in decline throughout. The market became dull and closed little lower. Hogs were stronger at yards and receipts small. THE HADDEN-RODIE CO.

## CARPET CLEANING.

Carpets and Rugs cleaned by machinery that will not wear the material as much as hand-cleaning. We call for and deliver carpets, returning them the same day.

## DOAN'S KIDNEY PILLS

**Bad Backs** are found in every household. A back is a bad back when it aches or when it's lame and painful. Back aches come from sick kidneys and warn you of serious trouble if the kidneys are not relieved. Backache may not seem serious to you but it's an early symptomatic indication of dangerous diabetes, of dropsy, of Bright's disease—Better cure it when it's only backache. Doan's Kidney Pills cure every kidney ill.

**Tired Backs** come to those who are forced to overtax them in their daily duties. Ever realize that it isn't really the back that's tired but the kidneys? The kidneys are overworked, become congested, and when they "play out" the back will tell you. Healthy people have strong backs. Learn to be healthy through keeping the kidneys active. Doan's Kidney Pills keep the kidneys active, correct and cure infrequent or excessive urinary discharges, painful urination and all bladder and kidney troubles.

DOAN'S KIDNEY PILLS

DOAN'S KIDNEY PILLS

## Janesville Proof.

## Locust Street.

Mr. Samuel Griffin of 203 Locust St. journeyman carpenter says: "I had a severe attack of la grippe and as a result weakness of the kidneys set in. The secretions from those organs were greatly disordered, annoyed me much at night and I seemed to have limited control of them. After finishing the treatment my kidneys were so strengthened that I could sleep all night without being disturbed. I am better now than I have been for years and give all credit to Doan's Kidney Pills for bringing about the result."

## South River Street.

Mrs. S. L. Belden of 61 S. River street says: "During two or three years I suffered most of the time with a terrible dragging down pain in my back just over the kidneys. It was very trying when I was at work and if I did any lifting my bladder became affected causing me considerable annoyance. I also had attacks of headache which seemed like congestion in the top and back of my head. When I read about Doan's Kidney Pills I did not have any too much confidence in them but my daughter got a box at the People's Drug Co.'s store and persuaded me to use them. They took right hold and made a wonderful change in my condition. I hardly realized how bad I was until Doan's Kidney Pills brought me relief from the afflictions."

## A TRIAL FREE.

This coupon good for one free trial box of DOAN'S KIDNEY PILLS. Write plainly name and address. Send to Foster-Milburn Co., Buffalo, N. Y., and a free trial will be sent you promptly.

## Janesville Proof.

## Racine Street.

Mr. E. T. Fish, of 355 Racine street, proprietor of the Fish Dry Line says: "When I was twenty years of age I fell inuring my back, and ever since that I was troubled more or less with a dull aching pain across the loins. It never laid me up but it was often painful and annoying. Of late years I have gone to a physician every six months and had myself thoroughly examined under the impression that there might be something wrong with my kidneys. The diagnosis always resulting in the physician claiming these organs were sound, but as the pains existed when I happened to notice in our Janesville papers that Doan's Kidney Pills were guaranteed to cure just such troubles I procured a box at the People's Drug store and took them. Doan's Kidney Pills are a good preparation. My back has not ached since I used them. I have heard others speak very complimentary of them and if I did not know their merit and required such a medicine I would consider it a favor if some one suggested their use to me. For this reason I endorse them."

## Sharon Street.

Veteran A. F. Lee of 61 Sharon St., carpenter, says:

For twenty years my kidneys troubled me a great deal, many days I could hardly keep at my work, and should have staid at home and doctor. It was seldom that my back did not ache, and I have been completely laid up for three or four days at a stretch. When stooping or lifting sharp twinges penetrated the kidneys, the secretions from those organs were too frequent, and accompanied by pain. I used all kinds of remedies but none gave permanent relief. Obtaining Doan's Kidney Pills at the People's Drug Co., I took them, and after the first two or three doses a noticeable change was brought about. I improved steadily from then on and on completing the treatment I was in good condition and am now well.

## DOAN'S KIDNEY PILLS

## NEWS OF THE COUNTY

## ROCK RIVER.

Rock River, May 5.—Grace Pierce returned last week from Dodgeville, Wis., after a two months stay. Several from here attended the quarterly meet at Milton last Saturday and Sunday. There will be no church services held here next Sabbath. The social at N. M. Rosen last Saturday evening was well attended. Several coming from Milton Junction and Johnston. Charley Haskings is gaining slowly. Jennie Rosen's school closed last Wednesday so the teacher and pupils could attend the funeral of Blossom Richardson. Rosel Haskings of Minnesota is visiting his brother, Charley Haskings. The Ladies Aid Society will meet with Mrs. Kittie Vincent next Thursday, May 13. All invited to come. News was heard this morning that A. O. Vincent's hotel at Lake Koshong was burned last night.

## ALLEN GROVE.

Allen Grove, May 5.—Miss Mazie Macnee visited friends in Beloit and Janesville a few days last week. Mr. Peter Kelly of Savannah visited friends in town the first of the week. The two men who have been painting the merry-go-round completed their work Saturday and left for their home in Rockford. Walter Price visited his parents in Paris, Wis., from Saturday until Monday. Mrs. Sallie Wolf of Sharon is visiting her aunt Mrs. H. A. Hall. Mr. and Mrs. Smith of Dakota visited relatives in town a few days last week. Mr. Eugene Acly of Colorado, is visiting his sister, Mrs. Sarah Brant. Mr. Norton and family are intending to move the first of the week to Geneva, where Mr. Norton and his son have found employment. Mr. and Mrs. Harry Mcnease are the proud parents of a baby boy who arrived Thursday morning, April 28.

## ELGIN BUTTER MARKET

Elgin, Ill., May 2.—Butter—Official, firm, 23c; no offerings, no sales.

## KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair yet if the scalp of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 2c. in stamps for sample to The Herpicide Co., Detroit, Mich.

People's Drug Co. and King's Pharmacy, Special Agents.

MRS. JOHN VAN VORST

Author of "The Issues of Life."

Mrs. John Van Vorst, whose race suicide novel, "The Issues of Life," has attracted so much attention, has had a very interesting career. A member of a distinguished family, an extensive traveler and a conspicuous figure in the most exclusive society of New York, she decided two years ago to make a first-hand investigation of the actual condition of the American working woman. She laid aside her expensive Parisian gowns and put on the calico dress of the toiler. She worked in various factories and mills in the East, and in conjunction with Miss Marie Van Vorst, who made similar investigations in the South, published "The Woman Who Tolls," a book which elicited from President Roosevelt his now famous race suicide letter. Mrs. Van Vorst is making her home for the present in Paris, where she is a contributor to the "Revue des Deux Mondes" and to other leading French publications. "The Issues of Life" has provoked wide and spirited discussion. It is a dramatic novel of the American woman of today, dealing with interesting problems.

## Railway Accidents

The report of the interstate commerce commission on railroad accidents in the United States is made the subject of comparisons with similar statistics for England, which are not to the credit of American railway management.

The mileage of American railways exceed that of the United Kingdom by about ten to one, yet there twice as many passengers are carried as here. In Great Britain in 1903 25 passengers were killed in train accidents, as against 161 in this country, and 123 killed by other causes on railroads, as contrasted with 167 here. The total number of passengers injured on railways here was 6,973, as against 2,681 there.

In Great Britain there were 78 cases of collision of passenger trains and 61 cases of derailment. In the United States the collisions numbered 825 and the derailments 412. During the same year while we had 5,342 collisions and 4,034 derailments of freight trains, in the United Kingdom there were but 33 such collisions and only 19 derailments.

Sunday Half-hour Service on Interurban Commencing May 15. Cars leave 15 minutes before and 15 minutes after each hour from 8:45 a. m. until 8:45 p. m.

Manufacture, Letter to Porch Shade Co., Janesville, Wis.

Gentlemen: Mr. ———, President of a cotton-mill at Union, S. C., he don't want to see his name in print—had two offers of 500 gallons of paint; \$1.30 and \$1.25. Took the \$1.25 and got skinned. He'd have taken three-quarters skinned if he'd taken the other.

The \$1.30 was full gallon; the \$1.25 was 18 per cent short. The full-measure paint was adulterated 40 per cent; the short-measure paint was adulterated 45 per cent, besides being in the oil, don't know how much. Devote lead-and-zinc wasn't sold in the town then. It don't pay to monkey with paint. Devote costs less than any of 'em; not by the gallon, of course; by the house and year. That's how to reckon it. Go by the name, Yours truly, F. W. DEVORE & CO. New York and Chicago. P. S.—J. P. Baker sells our paint.

30c off for 10000 or over, making		1.20

**NEW GAS LIGHT CO.**

JANESVILLE, WIS.

## PRESIDENT J. J. HILL GIVES CHURCH \$1,500,000

Great Northern Magnate and His Wife Make Handsome Gift to Cathedral of St. Paul.

St. Paul, Minn., May 7.—President James J. Hill of the Great Northern, jointly with Mrs. Hill, will donate \$1,500,000 toward the erection of St. Paul's new Catholic cathedral, which will crown the summit of St. Anthony hill, overlooking the city, and in the center of the fashionable district.

The erection of the edifice, which will be the finest in the West, will begin this summer. It will stand only a few hundred yards from Mr. Hill's magnificent stone palace in Summit avenue. The remaining \$1,500,000 will be raised by subscription among the wealthy members of the two leading St. Paul parishes, that will join in the erection of the structure.

All the plans for the work are in the hands of Archbishop Ireland and the announcement of the Hill gift, following a gift of \$500,000 for St. Paul's seminary, comes through him.

### Statesman is a Thief.

Rome, May 7.—The chamber of deputies convicted Sig. Nasi, former minister of public instruction, of the misappropriation of large sums of money. He is a fugitive.

## J.M. BOSTWICK & SONS.

### YOUR SUMMER OUTFITTING

Your Summer outfitting can be done in this store to your complete satisfaction, and it's not a bit too early to make selections. We cannot too strongly emphasize the worthiness of our equipment of warm weather wearables. Can't tell you about the whole stock, so we'll just hint here and there and cordially invite your earliest inspection.

### Introductory Sale of Two-Piece Suits.

The two piece suits hold the right of line for a summer favorite. We've got a very handsome showing of *Silk Shirt Waist Suits*. They will appeal to women and misses who desire style, workmanship and quality. Sensible suits, not too fussy, just the thing for so many occasions. *Black and Colors, \$20.00 and \$25.00. Mohair Two Piece Suits—black, blue, brown, gray, pongee, at \$8.00 and \$9.00.*

### White Waists.

There's more style, more comfort, and more economy in a shirt waist than in any other garment in a woman's wardrobe. Here's news about our new white waists: "Knickerbocker" and "Standard" Shirt Waists, hundreds of them, many different materials; all weights. A Great waist show, in fact none greater in these parts. *They fit.* The all linen waists, plain and fancy, are popular.

### Best Time to Buy White Goods

Got a white goods show here that will please you in all ways. Sheer lawns, satin damask designs, and P. K.'s at such prices as below. Our stock is at its best. Prices range from 10c to \$1.25.

*Mercerized White Goods*, all weights, 15c to 75c. *White Plique*, plain or fancy, some with a little color for children's wear. *Plain Muslins*, such as French Lawns, Persian Lawns, Chiffon Organdie, Dotted and Figured Swiss, Dimities all styles, Nainsook 12 1/2 to 50c, Long Cloths, 6 numbers, 12 1/2 to 25c, less by the 12 yard piece; India Linens, 8, 10, 12 1-2, 15, 18, 20, 25, 35c. *See Island Nainsook*, 12 yard pieces, in boxes, beautiful qualities. The above are leading plain white materials.

**ALL LINEN WAISTINGS**--Of these we show 15 qualities—light, medium and heavy, 25c to \$1.25. They make a sensible, serviceable waist.
